

Local/Tribal Government Resources for Emergency Preparedness & Public Safety Power Shutoffs

Local/Tribal Government Resources & Emergency Preparedness Efforts

**For local government use only
Please DO NOT share with the public**

- Designate staff to access **SCE's Public Safety Portal** for circuit level details during Public Safety Power Shutoffs (PSPS), including periods of concern and customer counts. For training, contact PublicSafetyPortal@sce.com
- Designate staff to communicate with **SCE's Liaison Officer** during an emergency activation, and with **SCE's 24/7 Outage Team** for government partners 855-683-9067 or SCEOutage@sce.com.
- Designate staff to access **SCE's Critical Work Report**, a 15-day look ahead for planned outages. To request access, please contact your SCE Government Relations Manager.
- Designate staff to participate in quarterly **PSPS Advisory Board & Working Group Meetings** by contacting your designated Account manager.
- Consider back-up generation for your critical facilities-- emergency operations center, city hall or water pumping station. Check to see if you qualify for the **Self-Generation Incentive Program**.
- Review current location(s) of **Community Resource Centers** in your area. If you want to suggest a new facility, please contact: Calvin.On@sce.com
- Update Your **24/7 Emergency Contacts with SCE** by designating primary, secondary, and tertiary contacts by sending the names to your SCE Government Relations Manager.
- Access your city's annual **circuit reliability report**. For more information, please contact us at CircuitReliability@sce.com.
- Incorporate PSPS and electric service disruption in your **Local Hazardous Mitigation Plans**.

Customer Resources

Please distribute to the public or post on your websites

Public Safety Power Shutoffs (PSPS)

- PSPS Information & Current Status– sce.com/psps
