Improving Fire Department’s Behavioral Support Programs
4:00 – 5:15 p.m.
Firefighters undergo chronic exposure to traumatic events, erratic sleep patterns, increasing workloads, and experience long separations from family. These are just a few of the situations that can adversely affect a firefighter’s behavioral health. Attend and learn about the available tools in the toolbox to help mitigate behavioral health injuries, including developing and utilizing a peer support program.

Legislative and Legal Update for Fire Personnel
2:30 – 3:40 p.m.
Receive an update on recent and future legislative issues from the League’s Legislative Representative. Following that, a presentation on the most critical court decisions and laws impacting public safety employers in the past year, an analysis of the newest statutes and court opinions and how these new developments impact your public safety agency. The presenter will also provide practical tips your agency can take to ensure compliance with new legal requirements.

Mobile Integrated Health
10:30 – 12:00 p.m.
Learn about the Beverly Hills Fire Department’s (BHFD) Nurse Practitioner Program (NPP). The NPP is an alternative prehospital care response model, designed to address low acuity 911 calls for service as well as provide service to patients who may be in need of healthcare, including comprehensive assessment and/or correlating treatment, but who did not request service through the 911 system. In an effort to improve patient outcomes and patient satisfaction, the NPP focuses on integrating a patient’s primary healthcare provider or other healthcare resources into care provided in the prehospital setting. The session aims to provide attendees with the ‘nuts and bolts’ to the NPP, sharing successes and learning experiences from the NPP’s inception.
