2023-24 State Budget

Total 2023-24 Expenditures: $311.7 billion

State deficit of approximately $31.7 billion
- $9.3 billion in fund shifts
- $8.1 billion in General Fund spending reductions or pullbacks
- $7.9 billion in delays
- $6.1 billion in new revenue and internal borrowing
- $340 million in trigger reductions

$37.8 billion in budgetary reserves
Property Tax

**AB 84** (Ward) Property Tax: Welfare Exemption: Affordable Housing

This measure expands the low-income housing welfare property tax exemption by authorizing 501(c)(3) bonds as an eligible form of financing, and permits, for five years, a unit in a development that is not financed with low-income housing tax credits to remain eligible for the exemption if the tenant’s income rises no more than 100% of the area medium income. This measure contains an urgency clause and goes into effect immediately.
SB 734 (Rubio) Property Tax: Possessory Interests.

This measure provides that, for the purpose of defining “possessory interest,” a tenancy in a residential unit of a publicly owned housing project by a low-income household leased at affordable rents does not create independent possession or use of land or improvements by the tenant. This measure contains an urgency clause and goes into effect immediately.
SB 798 (Glazer) Elections: Local Bond Measures: Tax Rate Statement.

This measure requires the tax rate statement that is required to be included in the sample ballot for local bond measures to include a tax rate per $100,000 of assessed valuation on all property to be taxed to fund a bond issue, instead of a tax rate per $100 of assessed valuation on all property to be taxed to fund the bond.
**Short-Term Rental Tax**

**SB 584** (Limón) Laborforce housing: Short-Term Rental Tax Law. Would impose a statewide 15 percent tax on the occupancy of short-term rentals. Proceeds of the tax would be used to provide grants for the creation of "laborforce housing."

New Local "Gann" Limit Reporting Requirement

• The 2023-24 state budget provided much-needed clarity for cities around the calculation of state subventions and local appropriations limits. Under previous rules, local agencies were required to identify and report any new state subventions that would cause them to exceed local appropriations limits.

• Under the new budget, the Department of Finance must calculate the individual subvention amounts for each of the state programs and provide this information to Cal Cities to distribute. This will provide greater clarity and assurances to cities that their local appropriations limit calculations can be relied upon.

  • Environmental and public health mitigation
Statewide Ballot Measures 2024
Proposition 1. Behavioral Health Services Program and Bond Measure

- Renames the Mental Health Services Act (2004) to the Behavioral Health Services Act and expands its purpose to include substance use disorders;
- Changes how revenue from the 1% tax on income above $1 million is spent under the law, including requiring 30% of the Behavioral Health Services Fund be allocated to housing intervention programs;
- Increases the size of the oversight commission from 16 to 27 voting members; and
- Issues $6.380 billion in bonds to fund housing for homeless individuals and veterans with mental health or substance use disorders.

Initiative #21-0042A1

Huge Threat to Public Services

Draconian, Impractical Ballot Initiative Headed to the November 2024 Ballot
Draconian, Impractical Ballot Initiative — November 2024

Initiative #21-0042A1: Limits Ability of Voters and State and Local Governments to Raise Revenues for Government Services. Initiative Constitutional Amendment

Chokes local tax authority. Requires:

- Requires voter approval for taxes applied to territory that is annexed
- Requires sunset date on all new taxes
- General tax ballot label must say “for general government use”
- Repeals *Upland* exception for initiative special taxes
- Local tax advisory measures are prohibited (the Measure A/B approach).
Draconian, Impractical Ballot Initiative — November 2024

Initiative #21-0042A1: Limits Ability of Voters and State and Local Governments to Raise Revenues for Government Services. Initiative Constitutional Amendment

Restricts local fee authority

- Fees by limiting limited “actual cost” of providing the product or service for which the fee is charged. “Actual cost” is defined as the “minimum amount necessary.”
- Fees - including for use of government property - must be “reasonable to the payor”
- Repeals fee for “special benefit” exception to Prop 26 “tax” definition
- Fees must be adopted by legislative body by ordinance, not staff or a commission
- Changes legal standard from “preponderance of the evidence” to “clear and convincing evidence” to prove a fee or charge is not a tax and does not exceed “actual cost.”
Initiative #21-0042A1: Limits Ability of Voters and State and Local Governments to Raise Revenues for Government Services. Initiative Constitutional Amendment

Also ...

- Fines require “adjudicatory process”
- No VMT tax or fee as condition of development or occupancy
- Retroactive window: taxes, fees approved after Jan 1, 2022 will sunset in Dec 2025 if not readopted in compliance with the initiative
  - At least $2 billion of taxes approved in 2022-2024 must be re-adopted in 2025
    - New ballot language, new sunsets, new voter thresholds
  - $ Billions of fees must be readopted to comply in 2025
ACA 13 (Ward) Voting Thresholds

• This measure would, if approved by voters, require any constitutional amendment proposed by initiative, that increases a voter threshold for future measures, be approved by the same proportion of votes cast as the measure would require. The measure would also preserve the right of cities to place advisory measures on the ballot.
Local Tax and Bond Measures
All ballot measures that increase taxes. Elections Code § 13119.

Ballot question (label):

✓ must say “Shall the measure (stating the nature thereof) be adopted?”

✓ must state the
  ▪ amount of money to be raised annually
  ▪ rate of the tax
  ▪ duration of the tax. (e.g., “until ended by voters,” etc.)

✓ “shall be a true and impartial synopsis of the purpose of the proposed measure, and shall be in language that is neither argumentative nor likely to create prejudice for or against the measure.”

Ballot book must include estimates of:

✓ average annual tax rate (expressed as $-- per $100 of assessed valuation)
✓ duration
✓ highest tax rate and year in which that rate will apply
✓ total debt service, including the principal and interest

Local Tax Measures – Best Practices

✓ Majority-vote general tax “for general government use”
✓ Open, inclusive citizen engagement: budget/financial plans
✓ Compare with your neighbors
✓ Pick one – avoid same-ballot pile-on
✓ High turnout elections (even year November) are best
✓ Get good advice: legal, polling, prep, campaign
Update on the Law of Municipal Finance
by
Michael G. Colantuono, Esq.
League of California Cities
Municipal Finance Institute
December 14, 2023
New Cal Business Roundtable Initiative

• “The Taxpayer Protection and Government Accountability Act”
• Missed ‘22 ballot, but made ‘24 ballot
• Reprises a measure Big Soda traded for a ban on local soda taxes till 2031
• Seems to be backed by development interests and the target seems to be VMT taxes / fees on new development
• AMR donated $3m in 2023
CBRT Measure

- The measure’s impacts are draconian and impractical
- If it appears on the ballot, it will attract well-funded opposition from public sector unions, environmentalists, and those who do business with government or require public infrastructure
- Nevertheless, we cannot ignore it
CBRT Measure

Impact on State

- Any increased tax – on even one taxpayer – requires voter approval
- All taxes must have sunsets
- All taxes must be limited to specified purposes
- Exempt fees require legislation, not agency action
CBRT Measure

Local Impacts

• Repeals *Upland* exception for initiative special taxes
• Fines require “adjudicatory process”
• No VMT tax or fee as condition of development or occupancy
• Expressly protects TBID and PBID assessments
• General tax ballot label must say “for general government use”
CBRT Measure

More Local Government Impacts

• Measure A / B proposals (general tax + advisory measure) forbidden
• Exempt fees must be adopted by legislative body, not staff or a commission
• No tax can be imposed by a charter amendment
• All parcel taxes require 2/3-voter approval
CBRT Measure

Impacts on both State and local governments

• Repeal special benefit exception to “tax” definition
• “Reasonable cost” becomes “actual cost” of a service or product, defined as “minimum amount necessary” net of other revenues “received to provide such service or product”
• Fees for use of government property must be “reasonable”
• Window period: taxes or fees approved after 1/1/22 sunset in 12/25 if not (re)adopted in compliance w/ this measure
CBRT Measure

More State / local government impacts
• Government bears burden of proof by “clear and convincing evidence”
• Receipt of $ by private party is not a factor in identifying a tax (plastic bag fees, sure, but what about the minimum wage?)
• Voluntariness or receipt of benefit, privilege or other exchange is not a factor in identifying a tax
• “Impose” means “collect” – new suits with every payment?
CBRT Measure

What to do?

• Stay on top of the news
• If it makes the ballot, inform your stakeholders
• If you adopt new revenues before its fate is known, try to comply with it
• Fasten your seatbelts!
Response to CBRT Measure

ACA 13 (Ward, D-San Diego)
- Proposed constitutional amendment for March 2024 ballot – before CBRT measure will be voted in November 2023
- measure imposing supermajority requirements must pass by that supermajority
- So CBRT measure would require 2/3 voter approval
Response to CBRT Measure

Legislature et al v. Weber, SCOCA Case No. S281977

- Original writ petition to exclude measure from the ballot arguing
  - Revision, rather than amendment
  - Undermines essential government power
- SCOCA issued order to show cause on 11/29/23, allowing briefing of the merits
- Should be argued in March or April 2024 and decided by ballot-printing deadline of late June 2024
Business License Taxes

3 Cal.5th 924

• DCA concluded Prop. 218 does not require 2/3-voter approval of tax imposed by initiative, only of taxes proposed by government; Supreme Court affirmed

• Court identified “loophole” later understood to allow initial special taxes without 2/3 vote
Upland & Special Taxes With Majority Voter Approval

City & County of San Francisco v. All Person Interested in the Matter of Proposition C (2020) 51 CA5th 703, review denied

- Business license tax increase to fund homeless programs got 60% approval
- City filed validation action; HJTA and business groups opposed
- DCA held initiative proposing special tax may pass w/ 50%+1 approval despite
  - Prop. 13
  - Prop. 218
  - City charter
Still More on Upland

• *HJTA v. City & County of San Francisco* (2021) 60 Cal.App.5th 227
  • Followed the first SF case; another victory for the City
  • City Councilmember service a proponent using his city hall address not a problem

• *City of Fresno v. Fresno Building Healthy Communities* (2020) 58 Cal.App.5th 884
  • Followed the SF case, ruling for Fresno
Still More on *Upland*

- *City and County of San Francisco v. All Persons Interested in the Matter of Proposition G* (2021) 66 Cal.App.5th 1058
  - Followed earlier cases, this was a parcel tax
  - School district involvement in drafting measure not a problem
  - Followed earlier cases
  - Fact that ballot materials said 2/3 required was not a problem
Still More on Upland

Alliance San Diego v. City of San Diego (2023) 94 Cal.App.5th 419

- Initiative special tax for streets, homeless and Convention Center expansion got just less than 2/3 valid even though ballot materials said 2/3 required
- City waited till post-\textit{Upland} cases decide to declare it passed and authorize debt
- Competing validation actions led to MJOP against City in trial court; DCA reversed; SCOCA denied review
- But remands to try whether service of City-appointed Convention Center Corp. director as initiative proponent invalidates the measure (despite two SF cases on point)
More on *Upland*

  - Validation and reverse validation cases filed 08/20 & 09/20
  - Trial court victories, appeals should be dismissed as untimely
  - Appeal fully briefed and awaiting argument as of 7/25/23
Sales & Use Tax

• Statute imposes a 2% cap on all local sales & use taxes
• Race-to-the-cap has begun in LA and Bay Area
• 2019 legislative proposals to lift the cap for some cities and counties
  • AB 618 (Scotts Valley, Emeryville) – vetoed
  • AB 723 (Alameda County and its cities) – Chapter 723 of the Statutes of 2019
Sales Tax

*Southwest Jet Fuel Co. v. CDTFA*, Fresno Superior Court
Case No. 22 CECG 01224

- Plaintiff sued in April 2022 alleging collection of sales tax on jet fuel on 100% of sales violates Proposition 62, demanding $10.7 million refund. The Plaintiff did not include the affected cities or counties as defendants. State demurred for failure to join indispensable parties. Demurrer to be heard in late 2022
- Affects 7 counties and several large cities (with airports)
- Summary judgment notion set for 12/14/23
Sales Tax

*Online Merchants Guild v. Maduros* (9th Cir. 2022) 52 F.4th 1048

- affirmed dismissal of suit to restrain CA requirement for sale tax permits for internet sellers into CA under federal Tax Injunction Act because adequate state remedies provided
Sales Tax

AB 2887 (Garcia, D-Coachella)
• Sales tax exemption exemption for “alternative feedstock” manufacturing
• Effective 1/1/23 as PRC 26011.8
Sales Tax

AB 2622 (Mullin, D-San Mateo)
- Sales tax exemption for zero emissions transit buses
- Supported by local government associations
- Effective 1/1/23 as Rev & Tax Code 6377
Sales Tax

*Grosz v. CDTFA (2023) 87 CA5th 428*

- Taxpayer consumer lacked standing to challenge CDTFA’s discretionary determination that Amazon is liable for sales tax on third-party transactions on its platform
Sales Tax

*City of Oxnard v. Starr* (2023) 88 Cal.App.5th 313

- initiative sequestering proceeds of sales and use tax until pavement standards met improper because topic was not legislative, but administrative
Sales Tax

- AB 52 (Grayson, D-Contra Costa)
  - Sales tax credit for research and development
  - FTB estimates substantial revenue loses to the State (and locals)
  - In Senate Appropriations suspense in September 2023
Soda Taxes

- Invalidated part of 2018’s AB 1838 — legislative deal to preempt soda taxes until 2031 in exchange for CBRT (temporarily) abandoning initiative to make nearly all government revenues subject to voter approval

- If charter city established home rule power to impose such a tax, CDTFA required to stop collected sales tax

- But soda tax ban in place until further charter city litigation
Cannabis Taxes

SB 512 (Bradford, D-Inglewood)

• Reduces cannabis taxes by excluding them from bases of all state and local sales and excise taxes
• May violate Prop. 64
• If the problem is a glut of supply and low commodity prices, why add to retailers’ profits?
• Held in Assembly Rev. & Tax in July 2023
Property Taxes

290 Division (EAT), LLC v. City and County of San Francisco (2022) 86 Cal.App.5th 439

• Sale of city building to private party with covenant for three years below-market lease back and two years market-rate lease was assessed at full fair market value because the subsidy was not a public benefit agreement within the meaning of the Rev. & Tax Code
Property Tax

*County of Sta Clara v. Superior Court (AT&T Mobility, LLC) (2023) 87 Cal.App.5th 347*

- Article XIII, section 19 does not require that investor-owned utility property be taxed at same rate as other property, although it does require uniform treatment of some business property
Property Taxes

AB 84 (Ward, D- San Diego)
- Expands welfare exemption from property tax for low-income housing
- Immediately effective as a tax measure
Property Tax

ACA 1 (Aguiar-Curry, D-Yolo)

• Would amend Prop. 13 to allow 55% voter approval of supplemental property taxes to fund bonds to finance public infrastructure and affordable housing
• Approved for the November 2024 ballot
Property Tax

Olympic and Georgia Partners, LLC v. County of Los Angeles (2023) 90 Cal.App.5th 100, review granted as SCOCA No. S280000

• County incorrectly assessed hotel because City subsidy was an intangible asset that should have been deduced from the income assessment

• Fully briefed and awaiting SCOCA argument as of 11/29/23
Property Taxes

*SHR St. Francis, LLC v. City and County of San Francisco* (2023) 94 Cal.App.5th 622

- Fees generated by in-room movies and guest laundry services should not have been included in calculation of hotel’s future revenues for purpose of assessed valuation determination
Property Tax

*Paramount Pictures Corporation v. County of Los Angeles* (2023) 95 Cal.App.5th 1246

- Assessment Appeals Board properly rejected Paramount’s property tax valuation using income rather than cost approach
Property Tax

- When Board allegedly failed to hold a timely hearing on the taxpayer’s applications for assessment reductions, it sued for a writ to compel the Board to use the taxpayer’s proposed valuation.

- DCA affirmed trial court’s refusal to issue writ, concluding the taxpayer could pay the tax, seek a refund, and sue if it were not granted.

- Good restatement of the duty to exhaust administrative remedies in the tax context
Property Tax and ERAF

• *North Sonoma Coast Fire Protection Dist. v. Roeser* (2022) 74 Cal.App5th 267
  • Rejected fire district’s challenge to ERAF calculation following a LAFCO-approved reorganization
  • Application of technical aspects of ERAF specific to fire districts
Documentary Transfer Tax

_HJTA & Apartment Assn of Greater LA v. LA, LASC 22 STCV39662 (filed 12/21/22)_

- Initiative “mansion tax” of higher documentary transfer tax on sales of > $5m to fund housing
- Suit argues that illegal special tax because approved by majority, not two-thirds, of voters
- Trial court granted MJOP to defendants; appeal likely.
Documentary Transfer Tax

More Challenges to Measure U LA

• *Newcastle Courtyards, LLC v. LA*, LASC 23 STCV00352 (ULA alleged to be retroactive in that it applies to sales after its effect date and not only to properties acquired after that date) – consolidated with HJTA, which is the lead case

• *Newcastle Courtyards, LLC v. LA*, C. D. Cal No. 2:23-cv-00104 – 3/27 motion to dismiss challenging federal jurisdiction under Tax Injunction Act, abstention in favor of LASC cases, under submission as of 06/22/23
Documentary Transfer Tax

*Cal. Business Roundtable v. Santa Monica*, LASC 23 SMCV 00111

- single-subject challenge to Sta. Monica progressive DTT to fund housing and schools
- filed 1/9/23, MJOP granted to City on 8/4/23
- Appeal may be likely
Documentary Transfer Tax

- *Ashford Hospitality v. City & County of San Francisco* (2021) 61 Cal.App.5th 498
  - Tiered documentary transfer tax did not violate equal protection
  - Generally, the ability to pay is a justification to ask someone to pay more (e.g., progressive income taxes)
  - But 1935 SCOTUS opinion found a progressive gross receipts tax violated equal protection; the case is still good authority, but is read very narrowly
Documentary Transfer Tax

- **CIM Urban REIT 211 Main Street (SF) LP v. City & County of San Francisco (2022) 75 Cal.App.5th 939**
  - Merger of limited partnerships was a “transfer” of property subject to documentary transfer tax
  - $12m tax was disputed
  - City won several procedural issues, too
Documentary Transfer Tax

  - Cal STRS not exempt from documentary transfer tax as to investments operated by third parties
Parcel Taxes

_Traiman v. Alameda USD_ (2023) 94 Cal.App.5th 89

- Parcel tax of $299 per vacant parcel and $0.265 per building square foot not to exceed $7,999 per parcel was “uniform” w/in Gov Code section 50079

- Follows _Borikas v. Alameda USD_ (2013) 214 Cal.App.4th 135 which invalidated tax of $x per dwelling unit and c/y per square foot of non-residential buildings
PACE Charges for Energy Conservation Upgrades

- Property Assessed Clean Energy (PACE) lends ratepayers funds to install energy conservation equipment and collects debt on property tax roll
- Property owner required to exhaust property tax administrative remedies via County to seek refund of charges
Transient Occupancy (Hotel Bed) Taxes

• SB 584 (Limon, D-Sta. Barbara)
  • Would impose a 15% State bed tax on short-term rentals to fund affordable housing
  • In Assembly Housing & Community Development and Rev & Tax committees
  • Hearing cancelled by author in June 2023
  • opposed by short-term renters and their platforms, business interests and some housing advocates object to prevailing wage provisions of the bill
  • Supported by labor and housing advocates
Utility Users Taxes

*City of Torrance v. Southern California Edison Co.* (2021)
61 Cal.App.5th 1071

- Cap and trade greenhouse gas program produces credits against power bills
- Utilities and PUC decided those credits reduce local UUT tax bases, but text of ordinances is to the contrary
- Torrance sued SCE to force it to collect tax on the credits, lost in the trial court, won on appeal
- Affects all 104 cities and counties with electricity UUTs
- Case partly settled; attorney fees denied, Culver City won penalties and interest
Utility Taxes / General Fund Transfers

- *Wyatt v. City of Sacramento* (2021) 60 Cal.App.3d 373
  - Post-218 approval of GFT from water, sewer, and trash utilities to general fund as a general tax was lawful
  - Plaintiffs had argued that Prop. 218 forbids all general UUTs
  - Victory means voters can approve GFTs
Utility Taxes / General Fund Transfers

- **Lejins v. Long Beach** (2021) 72 Cal.App.5th 303
  - Similar facts as *Wyatt v. Sacramento* – post-218 election to validate GFT from water and sewer utilities
  - Purported to distinguish *Wyatt* in ruling for challengers, but really disagrees with *Wyatt*
  - Bad fact: tax applied to non-resident customers of water utility, but election in City only
Utility Taxes / General Fund Transfers

*Palmer v. City of Anaheim* (2023) 90 Cal.App.5th 718

- Voter approval of charter amendment to authorize general fund transfer sufficient to protect it from prop. 218 / 26 challenge
- Effectively sides with *Wyatt* over *Lejins*
- Plaintiffs did not seek rehearing or review; case is final as of 6/20/23
More UUT disputes

*Simpson v. City of Riverside*, Riverside Sup. Ct. Case No. RIC 1906168
• Followed *Lejins*, distinguished *Wyatt, Palmer*
• In remedies phase as of 11/23

*Beck v. City of Canyon Lake*, 4th DCA No. E082164
• City lost writ trial
• Opening brief on appeal due 1/8/24
Hotel Bed Taxes

_Gajanan, Inc. v. City & County of San Francisco_ (2022)
77 Cal.App.5th 780

- Court relieved taxpayers of penalties and interest because their reliance on employee to file timely returns was reasonable
- Returns were filed, but were inaccurate
- Good faith defense to penalties allowed by ordinance is not optional for the City
- $1.7m in issue
State Water Project Taxes

• State Water Contractors have pre-Prop. 13 authority to impose a property tax to fund their obligations to the DWR under the SWP contracts

• *Goodman v. County of Riverside* (1983) 140 Cal.App.3d 900 held such taxes survived Prop. 13 because the State Water Project and its associated contract, debts and taxes were pre-Prop. 13 debt

• *Goodman* rule reaffirmed in *Coachella Valley Water Dist. v. Superior Court* (2021) 61 Cal.App.5th 755

• May be important to pending discussions of a Delta conveyance / “Big Fix”
State Water Project Taxes

  - Challenge to tax must be brought in validation with very short statute of limitations
  - Case continues as to subsequent tax years, in remedies phase as of 11/23
Climate Resiliency Districts

SB 852 (Dodd, D-Napa)

• Authorizes creation of an RDA-like entity to fund projects to mitigate climate change
• Very broad financing powers, including power to tax, with voter approval
• No property tax share without consent of affected agencies
• Effective 1/1/23 as Gov Code § 62300 et seq.
Groundwater Extraction Charges

*Ventura v. UWCD (2017)* 3 Cal.5th 1191

• Groundwater charges subject to Prop. 26, not 218

• Remanded to decide if:
  • 3:1 ratio of ag. to non-ag. rates mandated by Water Code §75594 violates Prop. 26
  • Adequate justification for rates on UWCD’s record

• DCA remanded to UWCD for a new hearing

• City prevailed again; UWCD appealed again
Groundwater Extraction Charges

*City of San Buenaventura v. United Water Conservation Dist.* (2022) 79 Cal.App.5th 110, *review denied*

- Affirmed City’s victory on remand
- Statute requiring 3:1 ratio of M&I to ag fees unconstitutional
- District could not justify 3:1 ratio on any of its many records
- Standard of review under Prop. 26 is independent judgment
  - No deference to ratemaker
  - Follows 218 standard of *Silicon Valley*
- Prop. 26 requirement of “fair or reasonable relationship” between fee and a payor’s burdens on and benefits from service allows ratemaker “flexibility”
SGMA Suits

*Mojave Pistachios, LLC v. Indian Wells Valley Groundwater Authority*, Orange Co. Sup. Ct. No. 30-2021-01187589
- Challenges GSP, sustainable yield report, and extraction fee
- Alleges writs, validation, takings, constitutional claims, and CEQA violations
- Fee of $2,120 / AF and allocation of water to China Lake NAWS
- Consolidated with other cases in Orange County
- Pleading battles ended; defendants answered

*Searles Valley Minerals v. Indian Wells Valley Groundwater Authority*,
- Focuses on the replenishment fee
Prop. 218 & Water Rates

• Challenges to tiered water rates after *Capistrano*:
  • *Patz v. Otay Water District, Coziahr v. Otay Water District*, 4th DCA Case No. D080308 – trial court invalidated tiered rates, City’s appeal fully briefed and awaiting argument as of May 2023
  • *Dreher v. LA DWP*, City won all but low-income discount; no refunds because plaintiff did not pay under protest; plaintiffs appealed
    • 2d DCA B329610
    • Record being prepared as of 11/23
Prop. 218 & Water Rates

• Still more suits:
  • *Campana v. EBMUD* (2023) 91 Cal.App.5th 1075
    • Suit time-barred
    • SOL starts when fees adopted, not when effective or collected
    • But GC 53759’s new 120-day SOL runs from effectiveness
  • *Chinitz v. City of Sta. Cruz*, SCSC no. 19 CV 03364 (tiered rates) City prevailed, no appeal
Water Rates

• 2020’s SB 323 (Caballero, D-Salinas)
  • Establishes a 120-day statute of limitations to challenge water and sewer rates, comparable to that for power rates
  • Must give notice of the SOL in notice of Prop. 218 protest hearing
  • Adopts GC 53759 for rates adopted after 1/1/21
Water Rates

- Rates include a charge to master-metered properties based on the number of units
- Customer sued without exhausting remedies by participating in the Prop. 218 hearing
- Trial court ruled for property owner on exhaustion and the merits and PUD appealed
- DCA ruled for challengers in unpublished decision
- Request to publish denied 10/19/22
Water Rates

*Plata v. City of San Jose (2022)* 74 Cal.App.5th 736, review denied

- *Post-Capistrano* challenge to tiered water rates
- Late payments not subject to Prop. 218 analysis (and get lenient review under Prop. 26)
- Trial court abused its discretion to allow plaintiffs to raise at trial an issue not in Government Claims Act claim or in complaint
Water Rates

2023’s AB 755 (Papan, D-San Mateo)

• Requires water cost-of-service analysis to isolate costs to serve top 10% of each customer class
• May make it risky not to have tiered rates
• But tiered rates are challenging, too
• Adopts Water Code section 390 et seq. effective 1/1/24
Water Rates

• SB 3 (Dodd, D-Napa)
• Extends regulations of water shutoffs to systems serving between 15 and 200 customers. Previously law only applied to larger systems.
• Effective 1/1/24
Sewer Fees

*Plantier v. Ramona MWD* (2019) 7 Cal.5th 372

• Prop. 218 challenge to sewer fees defeated in trial court for failure to exhaust administrative remedies by participating in the Prop. 218 protest hearing

• S Ct. reversed, concluding the Prop. 218 protest proceeding was not fit to resolve complaint about EDU assignment

• Left open whether plaintiffs must participate in protest hearing to challenge fee increases

• Advisable to establish a local remedy that **does** apply to as-applied and facial challenges and to state in notice of 218 hearing that all challenges will be heard
Sewer Fees

  • Affirmed trial court ruling decertify class as riven with internal conflicts
  • Ramona and CASA unsuccessfully sought publication
  • SCOCA denied review
Sewer Fees

SB 231 (Hertzberg, D-San Fernando Valley)

- Effective 1/1/18, defines “sewer” under Prop. 218 to include storm sewers (GC 53750(k))
- Seeks to overrule HJTA v. Salinas by statute, citing Crawley v. Alameda and Griffith v. Pajaro
- This authority is most safely used for stormwater reuse project benefitting water supplies
- Test litigation has not come
- Cited favorably in Paradise Irr. Dist. v. Comm’n on State Mandates
- Construed negatively, but not reached in DOF v. Mandates Commission (3rd DCA 2022)
Sewer Fees

*Marks v. City of San Diego*, San Diego Superior Court Case No. 37-2018-00014112

- Class action challenge to transfer from sewer to water fund to contribute to cost of advanced metering infrastructure
- Claims 50/50 split of AMI cost between utilities violates Prop. 218 because sewer does not benefit equally with water
- Trial court refused extra record evidence, but changed its mind post-*Malott*; City unsuccessfully sought writ review and SCOCA review
- City then settled for a 70/30 split of AMI costs
Sewer Fees

- *Allred v. City of San Diego*, SD Superior Court Case No. 37-2021-00030939
  - Alleges City overcharges sewer customers to cover bad debt from industrial dischargers and to subsidize rates to such dischargers
  - Class certification to be resolved Summer 2023
  - City preparing AR in 07/23
Sewer Fees

• Challenge to use portion of combined use and connection fee for sewer services not subject to validation under Gov Code 66022
Sewer Fees

*Balderelli v. San Diego* claim 2023

- Alleges sewer rates violate Prop. 218 b/c COSA showed need for change which city did not fully implement
Stormwater Fees

• *Dessin, LLC v. City of Sacramento*, Sac. Superior Court Case No. 34-2022-80003901
  • Reverse validation challenge to increase in storm water fee because margin of victory in property owner vote provided by city’s own properties and those of other government agencies
  • Tentative ruling for writ trial issued 1/30/23
Stormwater Fees

*Dept. of Finance v. Commission on State Mandates* (2022) 85 Cal.App.5th 535, review denied

- Street-sweeping mandate not reimbursable b/c local governments can impose fees for trash removal
- But partial exemption from Prop. 218 for “sewer” fees limited to sanitary sewer fees
- Did not reach impact of 2017-18’s SB 231, which took the opposite view, b/c statute not retroactive to this case
- Agencies now processing mandate claims with support from D-Max
Franchise Fees

Jacks v. City of Santa Barbara (2017) 3 Cal.5th 248

- SCE agreed to increased franchise fee upon PUC authorization for line item on power bills
- DCA found tax requiring voter approval
- Supreme Court remanded: Franchise fees must reflect reasonable value of franchise
  - Reasonable value may be shown by bona fide negotiations, “other indicia of worth”
  - Also reaffirms that valid fees do not become taxes simply because passed on to rate payers
- City won remand trial
- City won further appeal in an unpublished ruling; plaintiffs did not seek review
Trash Franchise Fees

\textbf{Zolly v. City of Oakland} (2022) 13 Cal.5th 780

- Challenge to franchise fee imposed on City solid waste franchisees under Props. 218 and \textit{Jacks v. City of Santa Barbara}
- SCOCA ruled apartment owners had standing because they bore economic incidence of fee; city’s claim otherwise could not be tested on demurrer
- Prop. 26 exception for use of property limited to tangible property, not franchise itself
- Fee was “imposed” so as to trigger Prop. 26 b/c established by legal authority
- Oakland can try to prove at trial that haulers get unusual rights in rights-of-way that are proportionate in value to franchise fee
Trash Franchise Fees

• Tips for protecting this revenue source
  • Avoid controversy if possible
  • Make a record that haulers get rights in rights-of-way that others do not (like the right to place bins in street weekly)
  • Make a record that the value of those rights is at least roughly proportionate to the franchise fee
  • Have a cost-of-service study in your record; consider hiring a consultant, and have a lawyer review it
  • Separately cost regulatory fees (like AB 939 compliance fees)
Franchise Fees

*Apartment Owners Association of California v. City of Los Angeles* (2d DCA Case No. B313439)

- Class action challenge by well-known plaintiffs' lawyers to franchise fees on commercial and multi-family haulers under Prop. 218
- City won summary judgment; plaintiffs appealed
- DCA reversed and remanded citing *Zolly*
- LASC Case Nos. BC677423, BC709658
  - Summary judgment set for 2/22/24
Solid Waste Fees

*Padilla v. City of San Jose* (2022) 78 Cal.App.5th 1073, review denied

- Class action challenge to collection of delinquent trash fees on tax roll
- Court affirmed trial court conclusion that plaintiffs could not pursue case because they had not paid the fees under protest under HSC 5470 et seq. or to pay first and litigate later
- Powerful defense for water, sewer and trash rates
Solid Waste Fees

• *Chiquita Canyon, LLC v. County of Los Angeles, LA Superior Case No. BS171262*
  - Challenge to landfill tipping fees imposed via CUP on landfill operator under Mitigation Fee Act
  - Trial court found some fees lacked nexus
    - Park development
    - Natural habitat
    - Disaster debris cleanup
  - Others lacked proportionality
    - AB 939 fee of 25¢ per ton
    - Road impacts of 50¢ per ton
    - $200k to $3m for alternative technology research
  - Granted writ 7/2/20, settled October 2022
Other Fees for Use of Public Property

*Howard Jarvis Taxpayers Assn v. Bay Area Toll Authority* (2020) 51 CA5th 435

• Regional Measure 3 raised Bay Area bridge tolls $3 to fund a range of transportation projects.
• Didn’t get 2/3 at the polls or in the Legislature
• DCA upheld as property-use fee not limited to cost
• SCOCA granted review pending *Zolly* but dismissed review and case is now final
Other Fees for Use of Public Property

*Turo, Inc. v. Superior Court (City and County of San Francisco) (2022) 80 Cal.App.5th 517*

- Granted writ to reverse summary judgment for City to enforce airport access fee on car rental app
- DCA concluded app was a software provider, not a car rental company
- Another example of the difficulty of applying existing laws to e-commerce
Utility Connection & Capacity Charges

• 2022’s AB 2536 (Grayson, D-Contra Costa)
  • Requires special districts to provide nexus studies for capacity and connection charges
  • Requires all local agencies to make the study available 14 days before rates are adopted
  • Adopted Gov. Code 66016.5 effective 1/1/23
Development Impact Fees

AB 602 (Grayson, D-Contra Costa) GC 65940.1, 66016.5, 66019

• Affects development impact fees on housing, including AB 1600 fees, Quimby fees, construction excise taxes, and Mello-Roos taxes

• Requires nexus study and rough proportionality, including fees allocated per square foot and not per dwelling unit

• Requires HCD to develop model nexus study

• Requires all fees to be posted to City’s website and City to provide total fee calculation to developer on request

• Effective 1/1/22
Development Impact Fees

*County of El Dorado v. Superior Court of El Dorado County* (2019) 42 Cal.App.5th 620

- Statute of limitations to challenge DIFs is one-year
- But suit can be filed after each year’s findings, so it serves to limit remedy, but not risk of suit
- AB 1600 findings are burdensome, but it is very risky not to do a good job on them every year
- Limited *Walker v. City of San Clemente* (2015) 239 Cal.App.4th 1350 which had ordered refund of all fees collected since inception of fee
Development Impact Fees

*Hamilton and High, LLC v. City of Palo Alto (2023) 89 Cal.App.5th 528, review denied*

- In-lieu parking fees are AB 1600 fees
- Time for suit runs from denial of refund claim, but no deadline for such a claim
- Questions *El Dorado*
- Legislative response is possible
Development Impact Fees

• 2021’s AB 571 Mayes, I-Rancho Mirage
  • Forbids “inclusionary zoning fees and in-lieu fees” on affordable units in density bonus projects
  • GC 65915.1
  • Essentially no opposition in the Legislature
  • Effective 1/1/22
Development Impact Fees

• *Schmier v. City of Berkeley* (2022) 76 Cal.App.5th 549
  • Statute of limitations for challenge to affordable housing fee on condo conversion runs from imposition of fee, not recordation of lien to enforce it
  • Favorably cites problematic decision in *Honchariw v. County of Stanislaus* (5th DCA 2020) involving time to challenge map conditions
Development Impact Fees

*Sheetz v. County of El Dorado (2022)*  84 Cal.App.5th 394, cert. granted SCOTUS No. 22-1074

- $23,420 traffic impact fee on new house challenged as regulatory taking
- DCA affirmed County’s victory, concluding
  - *Nollan / Dolan* analysis does not apply to legislative fees
  - AB 1600 does not require tract-specific analysis
  - Fee reasonably related to traffic impacts
- May decide that *Nollan / Dolan* analysis applies to legislative fees
Development Impact Fees

*Discovery Builders, Inc. v. City of Oakland* (2023) 92 Cal.App.5th 799

- 2005 agreement provided for development’s payment of fees to cover City’s cost to monitor mitigation measures
- In 2016, developer alleged new citywide DIFs breached agreement
- DCA rules the contract did not mean that and, if it did, the City could not contract away its fee-setting power
- City not estopped to deny contract
Development Impact Fees

AB 616 (Ramos, D-San Bernardino)

• Amends AB 1600 (Gov Code 66000) to
  • Require more information in annual reports
  • Provide information to fee payors about audit rights and allow requests for notice of hearings on annual reports

• Amends Gov Code 66023 to expand audits from accounting to project management, but exempting water and sewer connection fees
Prop. 26 Litigation

*Citizens for Fair REU Rates v. City of Redding* (2018) 6 Cal.5th 1

- Challenge to electric utility PILOT
- Trial court found grandfathered
- DCA found subject to Prop. 26 b/c adopted w/ biennial budget & remanded for cost justification
- Court concluded fees not made taxes by PILOT because non-retail-rate revenues were sufficient to cover it
- Did not reach grandfathering issue or whether cost reasonable b/c comparable to taxes IOUs pay
Prop. 26 Litigation

*Citizens for Fair REU Rates v. City of Redding* (2018) 6 Cal.5th 1

- Gross proceeds of wholesale transactions treated as discretionary revenue
- May make sense to segregate reserves between those funded by rates and those funded by discretionary revenues
- 26 is plainly less demanding than 218
- Free-riders are a problem only if fee-payers cover them
- No duty to subsidize rates with discretionary revenue
Prop. 26 Litigation

Similar GFT challenges against gas and electric utilities
- Alameda – voters approved GFT in 12/16
- Anaheim (water settled, City won power: *Palmer v. City* (2023) 90 Cal.App.5th 718)
- Burbank (settled)
- *Beck v. City of Canyon Lake*, Riverside case no. RIC2003025 – city lost, on appeal
- Glendale (unpub. Dec. 12/27/18, pub’n & review denied; plaintiffs’ remedy appeal denied in unpublished decision; no petition for review)
Prop. 26 Litigation

- **Lejins v. Long Beach** – voter approval of GFT as tax lost in trial and DCA, SCOCA denied review
- Los Angeles (settled)
- **Hobbs v. Modesto Irrigation District** (lost liability phase; won remedy phase; plaintiffs settled for fees)
- **Green v. Palo Alto** (Won power, lost gas; settled on appeal)
- **Komesar v. Pasadena, City** won under *Wyatt*, appeal settled
- **Simpson v. Riverside**, RIC 1906168 (voter approved water GFT, remedies phase pending as of 11/23)
Electric Rates

*Boyd v. Central Coast Community Energy* (2023) 96 Cal.App.5th 136, petn. review pending

- Power rates on those who opt into community choice aggregator are “imposed” so as to trigger Prop. 26
- “impose” requires only government action to establish rates, compulsion note required
- The respondent’s rates were adequately cost-justified
- Very problematic expansion of Prop. 26 to voluntary fees
Prop. 26 Litigation

*Otay Mesa Water Dist. v. City of San Diego, Otay Water District v. City of San Diego*, Riverside Superior Court
Case No. RIC1804278

• Challenged San Diego’s allocation of costs for recycled water to other utilities. Argues two recycled water systems should be costed separately

• Trial court ruled for San Diego concluding
  • No duty to set separate rates for 2 plants
  • Rates for recycled water were less than cost and therefore satisfied Prop. 26

• Remaining claims to be tried
Prop. 26 & Related Litigation

*Rancho Mirage Mobilehome Community LP v. Coachella Valley Water District*, 2023 WL 7123771 (9th Cir. filed 10/30/23)

- Utility fees and charges are not property interests that can support takings claims
Assessments

_Silicon Valley Taxpayer’s Ass’n v. Sta. Clara Co. Open Space Auth._ (2008) 44 Cal. 4th 431

- Independent judicial review of assessments
- Tighter definition of “special benefit”
- Open space and other services that benefit public broadly harder to justify
- Proportionality requirement unclear
BID Assessments

*Dahms v. Downtown Pomona PBID* (2009) 174 CA4th 708 allows:

- exemption of residential property from assessment for security, streetscape maintenance & marketing
- discounted assessments for non-profits
- use of front-street frontage for apportionment, along with lot & building size
- Very generous to agency; later cases less so
- *Broad Beach GHAD* read it narrowly
BID Assessments

AB 2890 (Bloom, D-Sta. Monica)

•Attempts to codify *Dahms*’ standards for PBIDs
•Effective January 1, 2023
•Amends the PBID law
BID Assessments

*Hill RHF Housing Partners, LP v. City of Los Angeles* (2021) 12 Cal.5th 458

- Affordable housing owner challenged renewal of two LA BIDS, claiming assessment not proportionate to its benefit
- City & BIDs prevailed on the merits at trial
- DCA affirmed for failure to exhaust administrative remedies
- SCOCA reversed, eliminating this defense in most Prop. 218 & 26 cases absent legislation
- Remanded for DCA to review merits, which ruled for City in unpublished decision
BID Assessments

• *Craig v. City of Stockton*, 3rd DCA Case No. C096280
  • Stockton prevailed in Prop. 218 challenge to Tourism BID
  • Plaintiffs appealed
  • Appeal abandoned 8/25/22
GHAD Assessments

_Broad Beach GHAD v. All Persons_ (2022) 81 Cal.App.5th 1068

- Homeowners formed GHAD to fund beach restoration, approving two assessments without incident
- 2017 assessment to fund expensive Costal Commission mandates drew controversy
- Trial court found insufficient justification for allocation of special benefit, insufficient general benefit, and concluded assessment should reflect cost of eminent domain to acquire construction access rights
- DCA affirmed
GHAD Assessments

• *Broad Beach GHAD*
  • DCA treated beach enhancement like a public park, demanding substantial public benefit
  • May make assessment funding of seaside projects difficult
  • Accepted trial court’s fact-finding and rejected defenses that
    • Treated existing revetment as “facts on the ground,” not part of the project
    • Beach enhancement as regulatory cost of project, not part of its special benefit
    • General benefits provided at no additional cost by provisions of special benefits need not be counted
Advice re Assessments

• Trend of cases is conservative (anti-assessment)
• Assessments other than for tried-and-true improvements and services are risky
• Use a strong, current engineer’s report
• Get legal review of reports
• Consider special taxes instead; initiative special taxes need only 50% approval
Mandates

  - NPDES business inspection mandates not reimbursable b/c local governments can impose fees on regulated businesses
  - Mandate for trash services at transit stops was a reimbursable mandate b/c local governments cannot impose fees on transit agencies
Mandates

*Coast Community College Dist. v. Commission on State Mandates* (2022) 13 Cal.5th 800

- Statute allows Chancellor of Community College System to reduce state funding to districts which do not satisfy state curriculum requirements
- SCOCA reversed DCA’s ruling for district, concluding the expenditures were not legally compelled, but might be practically compelled, and remanded that issue
Gann Limit

• 2022 budget trailer bills amended the definition of “state subventions” under the Gann Limit statute to move a number of identified subventions to Counties’ Gann Limits rather than State’s

• Counties must report if this puts them over their Gann Limit by 11/1 of each year and, if so, the State will “take it back”

• One-time fix for a flush State budget?
Revenue Bonds

- San Diego charter provision governing revenue bonds did not apply to JPA bonds
- Nor did it apply to lease revenue bonds
- The risk of litigation is always present in public finance
- JPAs and lease/leaseback financing are immune from many challenges to other debt
Validation

*Davis v. Fresno USD (2023) 14 Cal.5th 641*

• Lease/lease-back construction contract was not subject to validation under Gov Code section 53511 because it did not finance construction – that was funded by proceeds of an earlier issue
Mandated Fiscal Training

SB 769 (Gonzalez, D-Long Beach)

• would mandate 2 hours of fiscal and financial training every two years for elected officials and compensated members of Brown Act bodies

• Limited to local governments categorized as “high risk” by State Auditor, which failed to timely file annual FTR, or knowingly submitted a false FTR.

• In Assembly Appropriations Suspense as of 09/23
